PHYSICAL EDUCATION AND HEALTH

Students learn about their own well-being, and that of others and society, in health-related and movement contexts

PERSONAL HEALTH AND PHYSICAL DEVELOPMENT

- Participate in highly active and enjoyable physical activity
- Know the benefits of personal well being

MOVEMENT CONCEPTS AND MOTOR SKILLS

- Develop motor skills and an understanding of movement through physical activity

We provide opportunities within our **Physical Education and Health** programmes for students to learn how to take responsibility for their personal health, well-being and physical development with the intention of fostering life-long habits and positive relationships with others

RELATIONSHIPS WITH OTHER PEOPLE

- Develop the behaviours necessary to enhance interactions and relationships with others

HEALTHY COMMUNITIES AND ENVIRONMENTS

- Know the resources available in the community and environment and how what action they can take to contribute
